“ Dr. Mary and I read of Shirley's recent passing, and memories flooded back from the days of my internship at Wayne County Psychiatric Hospital in the early 1970's when Dr. Shirley was such a friend and mentor to a young, budding psychologist me. The insights, caring, and clinical knowledge she shared with me have shaped my own practice over the decades in more ways than I can enumerate here. Even though it has been years since I have seen her, the images in my mind of her have remained very strong, indeed. I am deeply thankful for her life and how she influenced me. She made such a difference in my life, and I have passed much of the knowledge I gained from her onto others. I will always have loving thoughts of her, and our thoughts and prayers are with you all in her passing. I thank God for her life. What a classy woman she was! Dr. Tom Clark
