“ I've known Miss Sue for as long as I can remember. My family had many good times with the Dettloff family. She was a very kind and generous person and always treated me like family. I even remember a time when Miss Sue picked me up early from school when I was sick since my mom was having surgery. She was such a caring person and she will be very missed. Dwight and Kevin - I'm thinking about both of you, and I'm wishing peace and comfort for all of the family members and friends who knew her. - Arin Jantz

“ I am so sorry to hear about Sue. Sue was a very special lady. I worked with Sue at Select hospital and really enjoyed working with her, I especially loved to get her to chuckle at some of the silly things that I would say. I frequently had to tell her that I wish that I was half as organized as she was. I had no idea when she was leaving Select and did not work on her last day. She was very thoughtful and messaged me after she retired to let me know. I will miss Sue.

“ When I was the CNO at Select Specialty Hospital, Sue was one of my best nurses. Not only did the patients love her, so did her peers. She was especially wonderful with new nurses placed under her guidance. She definitely was my favorite preceptor! She made an incredible impact at Select.

“ I grew up with Sue's kids and as such have 100 memories of her. Each one is happy and nostalgic, none of them are close to being negative. She was always involved in what the kids were doing and a caring person to everyone she met. So if you knew her as a mom, nurse or whatever then you knew this world was a better place for her being in it. She will be missed.
