“ *I will miss my beautiful friend. My life is forever changed because of her. Our paths have separated for a while, but will cross again. An emptiness consumes now, but my heart will be filled again. I love you.* 🥹

“ *My Rock*

Mom has always been my rock I will miss her With all my heart, we have always had a special relationship sometimes almost telepathic. I am so happy that I was there as she passed, I couldn't have asked for anything more. So now she is not only my mom, she is now my guardian angel and will live in my heart forever So by the glory of God she shall enter into the kingdom of Heaven and I will meet her there when my time has come.

Thank you all for your loving support.

“ Sue was beautiful person inside and out. Always had time to listen. I met her at Bayport and also Kmart. We would have breakfast every morning to start our day. No matter how bad your day was she made you feel better. The last time I had talked with her she was so proud of her family. My thoughts and prayers go out to her family. A great loss who will be remembered for her kindness. Love you Sue.

When I was a kid I was fortunate enough to spend a number of summers with Sue and her sister Jackie. They were great times and wonderful memories. When I reconnected with Sue a number of years ago, we talked about those times and how lucky we were to experience them together. I also realized that Sue hadn't really changed since those very early times--she did it her way!! The Laughton Family will miss her.

“ Sue was a wonderful neighbor that we are going to miss very much. The street is a bit darker now and we will forever remember her smile and laugh. She will forever be missed by my family for sure. I have a couple of pictures of her with Cassie and Treve that are very dear to me and I will share them here. I know Quinn Treve and Josh were wagging their tails with much excitement when she arrived and she is probably covered in sweet doggy kisses. Fly high Sue, we will make sure Cassie is ok❤️

“ I am so very sorry for your loss. I know that words can never replace the love of this wonderful person who will be terribly missed by many. I worked with Sue for many years at Kmart and I finally had to put a note on the outside wall of her cube that read 'The Doctor Is In' because there was a steady stream of people who stopped by to just talk to Sue because she had the ability to make them feel better just by listening to them. A lot of them didn't even know her they just heard about her and the rumors they heard were so true. She was our number one asset in the accounting department and made a lot of good friends. Even when she decided to retire, the Kmart Employment people were devastated to lose her and did everything they could to keep her on....again they did not have a lot of personal dealings with her, they had no reason to, but her 'bed side manner' preceded her and you didn't have to talk to Sue for very long to know she was someone you wanted as a friend.....she just cared too much. Again, I'm just so sorry. LaVonne Dahle
