“ Hi my name is Tonya I worked with Sue for 8 yrs. in the same plant on opposite sides seeing her face everyday but never really knowing her, until 2 mths. ago i transferred to her line and had the great pleasure of working side by side with her, every morning we started preparing for work we had the chance to talk, she shared her stories about her family, especially her grandchildren and getting them on the weekends, her pets, she would truly entertain me with things they did that made her laugh, which in turn made me laugh, she made a impression on me that I'll never forget, our workday ended with us saying see you tomorrow, thats what I'll keep with me. Very sorry for your loss, my prayers are with the entire family.
