“ Dear Gary and Family: What a beautiful, God-honoring memorial service that was! Susan was a great inspiration to me, as well as to others. It was evident, the True Love you shared with each other. Susan is, most assuredly in the arms of Jesus....and Uncle Jerry and Aunt Butch! Much Love and HUGS to you all!!! Cousin Laura

“ Susan, Your suffering has ended here on earth and I know you are feeling the glory of GOD right now. You have set an example in our lives of how faith can hold our crazy life together and give it some type of order and meaning. Our thoughts and prayers are with you and the family.

“ Susan was faith and a better example of a living faith will never be found. That same faith in our loving Lord will sustain all of us. Our prayers are with you all for comfort.

“ Susan, you left us much to soon, but you left me a much better person. You loved me much as did I you, you taught me, you blessed me every day. My heart aches, but the Lord has you now and He Loves you more than I ever could. In this case I will except second place.

“ Susan, my sister, friend... Whom I love and admire... Was one of the first people to greet me when I arrived in the world, and reminded me annually that I was the best Christmas present she ever got. Susan, my sister, friend... Whom I love and admire... Spent much intentional time loving, enjoying, and encouraging my children. She built lasting memories with them taking them many places to learn and have fun. She continued to be there for them as they grew into young men. Susan, my sister and my friend... Whom I love and admire... Would go out of her way to be with and support a friend. She traveled far and wide over the years to visit me wherever I lived.

“ Susan, my Sister in the Lord and friend in faith... Whom I love and admire... Showed her love for others by sharing her love for Jesus. She would pray for her students regularly because she understood that math was not the most important thing for them to know. She prayed me into the kingdom... And I am eternally grateful! Because of this, we remain united forever. My love is only strong enough to hold memories. Jesus' love is strong enough to hold our destiny and us forever. I will miss Susan terribly for countless reasons. I loved and admired her for many more than I've listed. My sorrow at the thought of not having this friend to turn to overwhelms my heart... but I am assured that we share this tremendous hope: We will be restored when the trumpet sounds...and we will be overwhelmed by joy!

“ My sister "Shoe", There is no way I could list all of the things you have taught me. Like to celebrate life, never forgetting a birthday and always trying to mark it as special, the party lunches you would make me as a young child or the walk to the beach at Van Riper State park when you told me about the wonders of Jesus. I will always crave our talks, your words of wisdom and encouragement but I will not forget the ones you left with me. Thank you Susan, I Love you!
