“ *Very sad new that I just found out this past week. I knew Susan briefly as a friend during the summer of 2014 when I was working up there in Michigan. We had some very lively debates/discussions about politics, religion, art and a host of other topics during the six months of the contract. Susan always talked highly of her children, Grand children, brothers and sisters, parents and friends. We talked every six months or so since I left Michigan in September 2014 but I will away remember Susan. My deepest sympathy to the family and friends of Susan.*

“ *My name is Philip Movius and worked at Liquid Salon where Susan had her hair beautifully done by Angela for years. I was so drawn to her sparkling wit and openness that every visit, I made time break away and talk about the big things of life. We howled and said profound things every time.*
