“*Ted will surely be missed! I had the pleasure of caring for him for some time during his dialysis treatments. He was one of my favorite patients. I called him my human barometer because as soon as the weather broke or there was a call for temps above 50, he came in wearing his shorts! He always had a smile on his face and brought positive energy and laughter to everyone he came in contact with! Love to his family!*”

“*My earliest childhood memories go back to the time spent living in a trailer park near the Laurencelle's in the early 1950's. A bond formed there between our families that lasted for many years. I remember Ted as a very outgoing and caring person who always had a smile and something funny to say to me or ask me. My thoughts have returned many times to those years and it brings a warm smile over me.*”

*My sincerest wishes are with his family now in their time of loss. God Bless-
