“ I am completing my Masters in Education and we have been discussing how important relationships are to learning in school. I was beginning a paper and started thinking about Mr. Prill. He made math come alive and also took a personal interest in his students. I was saddened to see this when I searched up his name but will always feel so fondly of him. He was one of the best!!

“ I am very sorry to hear of Mr. Prill's passing. He was my math teacher in the early 70s and taught both of my sons. My youngest son Ross thought the world of him and he is now a math teacher. He was an inspiration to many.

“ I have fond memories of coach Prill. He was very intense but fair. I am proud to have played football for him at Roseville High in 1967 and 1968. I last saw him in 1996 on a swimming pool water run. It was good to see him. He and his family will be in my prayers.

“ Nancy, We are so so sorry to hear of Ted's passing. For you and Ted to have found each other and the love that you shared is a true blessing. It was easy to see the love in both of your eyes. We were grateful to have been able to visit and spend time doing things with you this past April when you were in Dallas. You and Ted were able to do many things together and you will always have those many memories and he will always have a special place in your heart.

“ My deepest sympathy on your father's passing. Mr. Prill was my math teacher when I was a student at Eisenhower. He was the first person who actually made math fun and it was through his inspiration, that I became a teacher majoring in mathematics. To this day I give the credit to him. Rest in peace Mr. Prill! You were a great inspiration and a great man.

“ Todd and Amy, I am sorry to hear of your Dads passing. There are many great memories of the "good ole days" with your Mom and Dad and our families. I certainly remember his tireless work ethic and when he started his teaching career in Roseville with my dad, Uncle Jack. Thoughts and prayers go out to you and your family.
