“ *Mr. Beger lived next door to my folks for many years. After my mom died in 2008, my pop and Mr. Beger kept an eye out for each other until dad dies in 2010. We were happy that my dad had a friend so close in proximity. My family's condolences to your family.*

“ *Tom was a great teacher, colleague and friend when I met him in 1975. All the great end of the year Tigers games with the crew, Superbowl Sundays and the yearly golf outings down South to the Poorman Tournament Up North. You don't have many friends like that any more. May you hit them long and straight.*
