“ Bill was one of my best buddies growing up. While all the rest of the kids on the block were playing outside, he and I would run inside to watch Batman. If it wasn't for him doing my homework for me, I probably would have been kicked out of catechism class! I always felt special when Bill gave me a ride to high school in his VW beetle. How he kept that thing running, I'll never know! We always knew that Bill was talented (he never left home as a kid without first slipping his pad of paper and pencil in his pocket!), but the level of creative genius that he attained is reached by few people.

“ Bill loved his massages. He looked so forward to them each and everytime. He spoke of his grandchildren with such love and excitement. He couldn't wait until the next time he saw them. He also mentioned how proud he was of his boys. He also mentioned how blessed he was to have Sharon by his side to help him everyday. I will miss his smile and his silly side. Until we meet again. Eternal rest unto you, may perpetual light shine upon thee
