“ *Dear Billy, The years have seperated since making "Me Moon's" on paper,you had a smile that was winning as a babe of 2 or so,you loved small cars,playing in the water at West Twin Lake,watching man land on the moon with your Grama,the family gatherings and picnics in Utica. The first time you shot a shotgun in Mayville,a 410 model 42 at that,you were surprised what the result was. Taking a train trip to Jackson,your Mom said to me "Don't let Billy climb around on the train" well your cousin instigated your climbing, not that you needed coaxing,I even have your picture hanging on to the ladder of a boxcar.Hunting in St.Helen,the cold crisp morning,your Dad leading us into Russell Swamp,you sure ate the sandwiches and drank the coffee too! I will forever remember you,well done thou good and faithful servant. Fraternally, Love, Cousin Richard*

“ My dearest brother Billy. I love you more than you can know. I remember your arrival to the world when Mother and Dad told me that if a neighbor was there some morning when I woke up that you would be in the hospital with Mom and Dad happily awaiting your birth. Dad brought me to the side of the hospital and mother waved from her upstairs window with a smile like I had never seen before. I was allowed to carry you home on my lap before the days of seat belts and car seats.. You would not open your eyes and I kept wanting to see your blue eyes. I had to be the happiest and proudest sister that ever lived. I rember your baby belly laughs and your beautiful curly hair and your blue eyes that I admired every day.. You were our pride and joy. I was 7 when you came to Earth. Those following years were so happy. I loved how you called me "Sis" with a lisp. Trips to the cabin, trips to Wyoming, trips around Lake Superior and trips to the U.P. A friend of mine and me took you and your friend Stevie Kessel to the cabin and Mackinaw City. You were there for all the special occasins in my life. It was difficult when you and Mother dropped me off in Marquette for college and Dad was back in the hospital in Detroit. I don't know which of us was more devastated with the separation. I remember the fun we had at Joel's high school graduation and my 50th. Thank you for being my children's Uncle, my youngest child's Godfather. They love you dearly Uncle Billy and they are broken hearted right now. You always were generous with them and they loved your cooking so did we. I loved when you called to taunt me that you were making one of Mother's special recipes on a Saturday and laughing that I wasn't there to enjoy. Caryl became the joy and happiness of your life and to her we are forever grateful. Her sly sense of humor kept us all on our toes and like you she was so good to us all. Life will never ever be the same for me or Jim or Jacob or Joel. We will miss your smiling face and happy countenance. May Jesus envelop you with him arms and take all your cares away. I will see you when I get there. Look for me. Love Sis xo

“ Miss you already Billy ! Can't believe you left us so soon and so sudden. Had so much to say and to do with you. Remembering your first deer hunt in 1974 when you were just 16 and the fun of reliving the adventure everytime we got together. All those Pike you caught North of Marquette in the summer of 1975 and then again with Caryl on the Dead River Basin. Remember the sun set that evening ? We stopped the boat on the way back to the launch and marveled at it's beauty !! Wow !! I remember everytime you would catch a fish and would say, "Oh Boy, are we ever having fun" !! We will be thinking about you when we ride our bikes around lake Superior Remember we talked about doing that some day? Will see you on Friday Bill. Say hello to your Mom and Dad. Tell them we miss them too. May you be with God for Eternity ! I'll see you when I see you. Love Always, your favorite brother-in-law. Jim
