“ Dear Uncle Bill, You gave your help, knowledge, skill, and friendship willingly to anyone who needed it. I always enjoyed our conversations and the time we spent together, however brief. Your sharp mind and kindness will be missed by all, including me. I wish you peace.

“ Not seeing you, hugging you, laughing with you at the Senior Center pokes a hole in my heart. I know KNOW know you will be missed by many --and certainly missed greatly by me. I will not forget the kindnesses you offered freely, once jokes were out of the way. :- I will miss your gentle nature, your patience, your willingness to participate, your wit, your boyishness, your outstretched hand with gift/s each day. I will not forget simple words you spoke with so much sincerity in your eyes they are imbedded on my soul. You made a difference in my life, Bill, and I am grateful to have known you. I will miss you Very much. I take comfort in knowing your goodness will be acknowledged, and your life rewarded. May those who love you find comfort in each other.

“ I miss you already. Its not the same walking into your house and not hearing the TV blarring. Or you calling me "Susan" when you need something. You were such a kind, loving, and generous man. I will miss you tremendously. I love you Grandpa!
