“ *Bob so sorry to hear this. I will always remember the many laughs we shared with your dad at your house during high school. He always made me feel so welcome in your home. Those were some unforgettable memories and will cherish them always.*

“ *So sad to learn of Bill's passing. I worked with Bill during my early years in Product Development Finance and found him to be a very competent internal control expert. Hopefully, others will share some comments about his career at Ford. My thoughts to his family and to other Vietnam veterans and his former colleagues at Ford. Rest in peace...Dick Larmouth, Tower, Minnesota*

“ I worked with and for Bill for many years at Ford Motor Company. We often road together to work which was an exciting adventure in itself. Bill was a big man and sometimes appeared to be sort of 'gruff', but he was very intelligent and knowledgeable. He was outstanding as an audit supervisor in the General Auditors Office at Ford. We used to say he was "dangerous" to the auditees with control problems because his smarts and knowledge would find all the problems.

It was very sad that Bill was unable to do more in his years of retirement because of all of his health issues. He deserved better and hopefully is in a better place.
